## TESTIMONIALS

"Given what I know today about CSI's ability to execute what they promised in their proposal, I definitely would award to them today given that I had a choice."

-M. Foster, Contracting Officer, 56CONS/LGCA

"CSI fuel personnel continue to work jointly with the COR to ensure a smooth operation through meetings as well as through one to one discussions regarding operational requirements. The FMT worked with the 285th AMG, Base Security, Safety, and the 56 RMO to develop a fuels operation and security plan that ensured the security of all fuel assets and reduce the units' man hours by 63 hours over the three week exercise."

-D. Nibbs, Contracting Officer, DLA Energy

"CSI provides excellent service, products for this full food services contract in a remote area. CSI excels in using local resources to make up for the fragile supply chain in Kodiak, AK."

-M. Myers, Contract Specialist, SILC West
